

4th International Webinar on **Pediatrics and Healthcare**

Theme: Transforming Tomorrow: Precision, Innovation, and Equity in Pediatric Healthcare

Date
May 21-22, 2026

Time Zone
GMT+8 | Kuala Lumpur

SCAN ME

Scientex conferences host a plethora of events in various fields, including Medicine, Pharma, Health Science, Life Science, Engineering, and Technology. We organize all our events with the utmost care and diligence, providing top-notch facilities and infrastructure for smooth and successful knowledge transfer among attendees. Our goal is to solve modern scientific problems for the betterment of our lives. Scientex conferences focus on achieving greatness by offering excellent opportunities for professionals to explore the scientific research community and introduce potential breakthroughs. We provide a fitting platform for eminent speakers, innovators, inventors, industry professionals, scientists, academicians, established authors, scientific editors, medical physicians, medical service providers, nursing professionals, research associates, analysts, and students to exchange ideas and find solutions to major global challenges. Our conferences are highly successful, featuring high-quality interactive technical sessions with recent research findings and futuristic trends. We focus on providing workshops and symposiums through well-established industrial and academic tie-ups with various professional bodies, organizations, and top-rated universities worldwide. We bring in eminent speakers with world-class expertise from various countries to enlighten our researchers and spark enthusiasm for research through our best conferences. These events provide a platform for effective collaborations on the latest research for the worldwide community. Our conferences include exceptional keynote speeches, interactive sessions, and lively debates on research and development in Medicine, Engineering, and Technology. ([click here for more](#))

About Webinar

Scientex Conferences invites global participants to the “**4th International Webinar on Pediatrics and Healthcare**” during **May 21-22, 2026** in **(GMT+8)** focused on the theme “**Transforming Tomorrow: Precision, Innovation, and Equity in Pediatric Healthcare**”. Join this intimate forum to create meaningful partnerships with 50+ Pediatrics experts. Translate key technological & mechanistic pediatrics and health care advances into the clinic. Our goal is to bring together worldwide distinguished academics in the field of pediatrics and healthcare to exchange and share meaningful experiences of various treatment procedures for Neonatology, healthcare, pediatrics, and emergency care. Pediatrics 2026 is a unique forum for discussing current research, giving lectures, networking with aspiring scientists, and gaining name recognition for your work. This conference provides information on the most up-to-date emerging topics in pediatrics, research, current technologies, and several other areas of healthcare. You can explore your ideas and practical knowledge about pediatrics and healthcare. ([click here for more](#))

4th International Webinar on Pediatrics and Healthcare

May 21-22, 2026 | GMT +8 (Kuala Lumpur, Malaysia)

SPEAKER PRESENTATIONS

Title: Hidden in plain sight: The role of setting events in the treatment of autism

Dean Alexander, USA

Title: Cortico-Medullary Differentiation in fetal kidneys - A necessary evil?"

Ashutosh Gupta, Artemis Hospital, India

Title: Conservative management of sever's disease (Calcaneal Apophysitis): A comprehensive review of treatment efficacy

Tonyclinton Nweke, USA

Title: Warm IgM-mediated autoimmune hemolytic anemia causing cutaneous gangrene in a child: A case report with review of literature

Rosmin Mathew, SAT Hospital, Government Medical College, India

Title: Title: Isolated Unilateral Onychomadesis following post surgery immobilization

Archita Bhattacharya, IMS & SUM Hospital Bhubaneswar, India

Title: Third-trimester maternal and neonatal cord blood vitamin D3 levels in urban South India: An observational cross-sectional study

Amulya Veeramachaneni, Subbaiah Institute of Medical Sciences and Research Centre, India

Title: Pre-ductal and Post-ductal oxygen saturation trends in neonates: A cross-sectional observational study

Ganesha Shashanka Mena, Subbaiah Institute of Medical Sciences and Research Center, India

Title: First case series of hybrid lung lesion combining Congenital Pulmonary Airway Malformation (CPAM) and Pulmonary Sequestration (PS) and literature review

Hanaa banjar, King Faisal Specialist Hospital and Research Center, KSA

Title: Paediatric dental treatment of oligodontia in the context of ectodermal dysplasia: A series of clinical cases

El Gasmi Fatim Zahra, Sidi Mohamed Ben Abdellah University, Morocco

Title: Early childhood, great suffering: Effects of Early childhood caries (ECC) on children's oral health and quality of life
